- You may choose now a free option that is only shown after entering the access key. In case of a festivalpass it is called «Einzeleintritt mit Festivalpass», with a multipass it's «Einzeleintritt mit Multipass», as you're accredited it's called «Akkreditierte – ...».

There's an error «dieser Zugangsschlüssel wurde bereits eingelöst». What's that?

The error message «dieser Zugangsschlüssel wurde bereits eingelöst» is shown because you typed in already your access key. You don't need to enter it again. It is not a real issue, it's more a usability problem. The access key does still work. It is stored in the cookie session of your browser after entering it once. That's why: enter the access key only once! Even the error is shown, you might continue and choose your seat on the seating map. The option «Einzeleintritt mit ...» oder «Akkreditierte – ...» is still accessible.
